Speed comparisons for downloads only and compare Comcast download speed of 6.0Mbps (maximum upload speed of 384Kbps) to 3.0Mbps DSL, 1.5Mbps DSL and 56K dial-up. Many factors affect speeds. Actual speeds may vary and are not guaranteed. Offer expires 4/30/06 and is limited to Comcast Cable Video customers who do not currently subscribe or who have not during the past 60 days subscribed to Comcast High-Speed Internet service, located in wired and serviceable areas only. Retail offers may vary. Equipment (including a cable modem) required and offer does not include equipment charges. Following the promotional period, Comcast's regular service and equipment charges apply unless service is canceled by calling 1-888-266-2278. Service charges for non-Comcast cable video customers vary according to service area. May not be combined with any other offer. Installation (for an additional fee) required for non-Comcast cable video customers, and rates vary according to service area. Self-Install Kit requires customer installation and is not available in all service areas. \$9.95 shipping and handling applies if Self-Install Kit is shipped. Prices shown do not include taxes and fees. Pricing and content may change. Not all applications and features are compatible with Macintosh systems. Constant connection is not a claim or reliability; this refers to the persistent Internet connection provided by the service. Power outages, network outages, and other factors may cause a loss of Internet connection. Call Comcast for restrictions, minimum requirements, and details about service and prices. Use subject to Comcast High-Speed Internet terms and conditions.
