Offer of \$33 per month per product is only valid if you currently subscribe to Digital Cable or Enhanced Basic Cable and if you add both High-Speed Internet and Digital Voice. Offer may not be combined with any other offers. If any bundled service in the offer is not installed or is cancelled, Comcast regular rates shall apply to any remaining service(s). Offer available only in Comcast serviceable areas to residential Comcast Cable subscribers. After promotional period, current standard monthly rates for all products and equipment charges will apply. Comcast Digital Voice™ service (including 911/emergency service) may not function during an extended power outage. Certain customer premises equipment may not be compatible with Comcast Digital Voice™. Keep your current phone number subject to restrictions. Unlimited package pricing applies to direct-dialed domestic calls from home. Pricing shown does not include equipment, installation, federal, state or local taxes or applicable franchise and FCC fees. Comcast Digital Voice™ pricing does not include our Access Fee or Regulatory Recovery Fee, which are not taxes or government-required; or other applicable charges (e.g., per-call charges). Call Comcast for restrictions, minimum requirements and details about services and pricing. Pricing and programming may change. Services not available in all areas. Service is subject to the terms and conditions of applicable Comcast subscriber agreements. Savings price comparison based on AT&T's All Distance® Select package as described on Web site as of 6/30/06. 30-day limited guarantee covers standard installation charges, recurring charges, and equipment rental or purchase fees actually paid to Comcast for first month of service. Comcast High-Speed Internet speed comparison for downloads only and compare Comcast download speed of 6.0Mbps (maximum upload speed of 384Kbps) to 768Kbps DSL and 56K dial-up. PowerBoost™ only available with Comcast 6.0/8.0 speed plans. PowerBoost™ provides brief bursts of download speed above the customer's provisioned download speed for the first 10 MB of a file. It then reverts to your provisioned speed for the remainder of the download. Many factors affect speeds. Actual speeds may vary and are not guaranteed. Not all applications and features are compatible with Macintosh systems. Video Mail requires additional equipment. ©2006 Comcast Cable Communications, LLC. All rights reserved.
